allows for peace of mind and
simplified troubleshooting.

For outdoor applications, the controller
and motor are housed under a solid
cover for years of trouble free operation.

Automatic folding ramp prevents the
wheelchair from rolling while riding.

Why choose a Highlander II installed by Options HME?

	Options HME, Inc.	Online Resellers
Safety	The Highlander II and Options HME's installation methods meet ASME A18.1 Safety Standards for Platform Lifts.	Unlikely that the lift <i>or</i> installation methods meet ASME A18.1 Safety Standards for Platform Lifts.
Reliability	The quality of an installation plays a significant role in the reliability of a lift. Options HME began selling and installing the Highlander in 2007. We have years of experience using best practices to install the lift.	Platform lift models come and go online. Also, most installations are sub-contracted to another company.
Service	Local, Options HME technicians with factory training offer prompt service.	Many online resellers do not offer service on the lifts they sell. Any service work will be sub-contracted out, causing delays.
Cost	All quotes include the total cost to have your lift up and running. This means no surprise costs and typically the lowest overall cost.	Advertise low cost lifts, but charge extra for delivery, installation, sales tax, permits, and inspections.
Warranty	3 Year Parts Warranty 1 Year Labor Warranty	1 Year Parts Warranty (may vary) No Labor Warranty
Specifications	750 lbs weight capacity. Up to 14' of lifting height. Optional battery backup. Meets residential & commercial requirements.	Varies for each reseller

All equipment installed by experienced Options HME Technicians includes a one-year warranty on labor. After that one-year, Options HME will be there, should your equipment need service. **Just like we have been since 2007.**

Harmar manufactures stair lifts and wheelchair lifts at their facilities in Lake Winnebago, Missouri and Sarasota, Florida.
